Dear Doctor:

On behalf of the Green Valley Council Health and Human Services Committee, we thank you for your interest in considering the Green Valley/Sahuarita area to practice medicine. We love our community and all that it has to offer; and know that you will too! ...

GVC Medical Directory

- Listing of a Provider (Medical Practice or Medical Related business) in this Directory is neither an endorsement nor a recommendation by The Green Valley Council, its agents, officers and directors, of that Provider or the services they offer. It is solely the user's responsibility to determine if the Provider and services offered by that Provider meet the user's needs.
- While the information in this Directory is periodically reviewed with the Providers, there is no guarantee that the information is current or accurate. It is the sole responsibility of a user that is interested in a specific Provider to contact that Provider directly to verify the accuracy of the information regarding that Provider.
- Omission of a Provider from this Directory does not imply any judgement about the quality, quantity or appropriateness of a Provider or their services. Providers may choose not to be listed for any number of reasons. In addition, Providers with a main office outside the Green Valley/Sahuarita service area were not included unless they provide a unique service not otherwise available locally or they maintain a satellite office in the service area.
