

## Vision

The Green Valley Council is the recognized and unified "voice" of Green Valley. Our business model of "representation without taxation" serves the residents, property owners and investors of the unincorporated, boundary defined area of Green Valley, AZ. The Council uses education, influence, cooperation, collaboration, and advocacy to achieve the long term civic goals and objectives of the residents, property owners and investors and seeks to ensure that Green Valley remains a premier place to live, work, play and invest.

## Mission

As the civic voice of Green Valley, the Council promotes the best interests of our community. Recognizing that we depend on each other and must work together collaboratively for the betterment of Green Valley, we always put the needs of Green Valley above our own personal interests in our actions. Although a membership organization, we provide services for the entire community, in addition to those opportunities and services we offer our members. A trustworthy, valuable and highly relevant organization, we perform the following functions:

- Develop and implement long term civic goals and objectives through collaboration and cooperation.
- Examine problems affecting our community and collaboratively seek solutions.
- Impartially educate the community on important issues affecting Green Valley.
- Liaise with all levels of governmental officials to advocate and promote Green Valley issues.
- Provide extra services and opportunities to our members to enhance their quality of life.

## Values

- We are an apolitical organization.
- When making decisions or representing our community, the interests of Green Valley are the only consideration; our personal views are inconsequential.
- We depend on each other in our community and work together for the betterment of Green Valley as a whole.
- All members of our community have a voice.
