

ENVIRONMENTAL COMMITTEE MEETING MINUTES January 2024

1. Call to Order at 10:00 AM
2. Community Partner Introductions
3. Community Water Co. of Green Valley:
Community Water Co. is currently undergoing the process of testing for PFAS. Currently working with EPA Resiliency Program with a focus on flood damage mitigation, GV had catastrophic flooding in 1977, 1983, 1993. Community Water Co. is currently working with Freeport McMoRan on repairing water mains and making them flood-resistant.
4. Hudbay:
Currently working on ADEQ permitting. ADEQ has opened public comment period on the water permitting, timeline for public comment period on air permits TBD. AZ Mine Inspector role is to review and approve the mine reclamation plan.
5. Pima County:
Wastewater Reclamation Committee currently focused on PFAS and its impacts.
6. Green Valley Council:
First PAG EPAC meeting scheduled for Feb 1. GVC will continue weatherization outreach and engagement. GVC will reach out to PDEQ for more information on PFAS.
Meeting Adjourned: 10:40 AM
