Location of Proposed Service:	Intersection of S Abrego and E Continental					18	R13E	23
Service Requested:	Specifically those drivers at the intersection, heading east on Continental, in the right lane without any intention of turning right onto south Abrego, instead accelerates at a high speed with the green light signal and, will deliberately swerve into left lane before lane ends and cut off the driver to his left (in the correct lane), intentionally to be first. There is posted signage for right turn lane only, but ignored. I am requesting that interection be RE-STRIPE like the following intersection at Continental and Whitehouse Canyon Road. There, the lanes are divided and clearly maked for a left turn north to La Posada; to continue traveling east and yellow strips designating a right turn only lane onto Whitehouse Canyon Road up to Madera. These road stripes do help to regulate traffic
