Location of Proposed Service: Intersection of S Abrego and E Continental 18 R13E 23

Service Requested: Specifically those drivers at the intersection, heading east on Continental, in the right lane without any intention of turning right onto south Abrego, instead accelerates at a high speed with the green light signal and, will deliberately swerve into left lane before lane ends and cut off the driver to his left (in the correct lane), intentionally to be first. There is posted signage for right turn lane only, but ignored. I am requesting that interection be RE-STRIPE like the following intersection at Continental and Whitehouse Canyon Road. There, the lanes are divided and clearly maked for a left turn north to La Posada; to continue traveling east and yellow strins designating a right turn only lane onto Whitehouse Canyon Road up to Madera. These road strins do help to regulate traffic

Location of Proposed Service: 3 streets in HOA 18 R13E 15

Service Requested: S Paseo Seco, W Camino Corto and S Paseo Chico are County owned streets and were repaved 4 years ago, but cracks down the center of each was clearly evident even after the work was completed. Those cracks have widened and now multiplied in each of the streets and will continue to worsen with sun, rain, and traffic. We have only one entrance in/out and the streets get heavy use from both residents, delivery and utility trucks. We need them repaired or resurfaced properly. Photo's attached

Location of Proposed Service: Arroyo Behind Townhomes GVTH5 / behind home address 18 R13E 11

Service Requested: The arroyo behind our townhouses is seriously in need of attention due to dead trees. About a year ago, the county had some of the dead tree branches cut down. However, they put everything in a chipper and than dumped it in the arroyo. There are many dead limbs just hanging from previous storms. This is not only an eye sore but certainly a fire hazard. Location of Proposed Service: Wash running parellel to S Paseo Seco, between W Esperanza to W Apero 18 R13E 15

Service Requested: Wash located on Pima Co land, just west of the Paseo Seco Trail/Paseo Seco has not been cleaned out by the county in the last 8-10 years. The wash is full of tree branches, shrubs, debris, and trash. We are not only worried about it as a fire hazard, but also runoff water did go over the banks flowing east during the monsoons 3 years ago.
The wash needs to be cleaned up and dead, diseased material removed.
