Location of Proposed Service:	<u>Intersection of S Abrego and E Continental</u>						<u>18</u>	<u>R13E</u>	<u>23</u>
Service Requested:	<u>Specifically those drivers at the intersection, heading east on Continental, in the right lane without any intention of turning right onto south Abrego, instead accelerates at a high speed with the green light signal and, will deliberately swerve into left lane before lane ends and cut off the driver to his left (in the correct lane), intentionally to be first. There is posted signage for right turn lane only, but ignored. I am requesting that interection be RE-STRIPE like the following intersection at Continental and Whitehouse Canyon Road. There, the lanes are divided and clearly maked for a left turn north to La Posada; to continue traveling east and yellow strips designating a right turn only lane onto Whitehouse Canyon Road up to Madera. These road stripes do help to regulate traffic</u>

Overview: Pending Pima County Service Requests

Request Received: 9/11/2024 Requestor: Bob Quast Telephone: HOA:

Location of Proposed Service: See List below R13E

Service Requested: Please evaluate the feasibility of installing left Turn Signal arrows that provide for flashing yellow like those at many intersections in Tucson for the following Green Valley Intersections:

- Camino Encanto & Camino Del Sol
Continental and Frontage Road - Left into Continental Plaza and Left from Frontage to Continental
Continental & N Bound access to I-19

Pima Co. Contact: Mike Hendrix Status: Reference numbers See Click Fix 17488352 and Service Request 25004807 9/12/2024 ST GVCCC Request#: 3122

Completion Date: Thank you for your patience on this SR. This was a large request and we are still working on the response whether left turn phasing is warranted at a few of these intersection. I have a quick summary of some of the intersections which we have already reviewed.

PCDOT can only respond to traffic signals owned and maintained by PCDOT. The following intersections are not owned or maintained by PCDOT:
•Continental Rd and Northbound I-19 on- and off-ramp (Arizona Department of Transportation)
•Continental Rd and Whitehouse Canyon Road (Town of Sahuarita)

Some of the intersections have protected-only left turn phasing. These approaches are protected-only

Request Received: 3/11/2025 Requestor: Suzanne Gross Telephone: 310-490-9935 HOA: Townhouse II Homeowners Assn

Location of Proposed Service: 3 streets in HOA 18 R13E 15

Service Requested: S Paseo Seco, W Camino Corto and S Paseo Chico are County owned streets and were repaved 4 years ago, but cracks down the center of each was clearly evident even after the work was completed. Those cracks have widened and now multiplied in each of the streets and will continue to worsen with sun, rain, and traffic. We have only one entrance in/out and the streets get heavy use from both residents, delivery and utility trucks. We need them repaired or resurfaced properly. Photo's attached

Hi Sue
Because the original request was closed, I had to open a new SR 26006291 SCF 20110929 for our analytics team to review and determine what can be done to prevent illegal dumping in this area.
